Highly Commended  
App of the Year

# Your school's digital safeguarding, communication and training toolkit

## Seasonal Prompts, Alerts & Warnings – Your Digital Safeguarding Updates

We monitor and respond in real time to current trends, issues and emerging risks to children and young people online. We use our colour coded PAW system to respond to concerns, threats and dangers by pushing notifications directly to users whenever appropriate.

## Safeguarding Content

The Safer Schools' App contains contextual digital safeguarding information, advice and guidance tailored to meet the needs of individual users. All roles have access to the safety centre, which explains safety settings, reporting and blocking functions for apps, games and other platforms.

## Your School App

- ✓ Send News and Alerts through push notifications to teachers, staff, parents, carers and pupils
- ✓ Customise your App with your school logo and pictures
- ✓ Embed your school calendar, website newsfeed and policies
- ✓ Integrate your school social media channels into your App
- ✓ Groups is our Safeguarding First approach to school communication. Groups facilitates safe communication between teachers, individual classes, parent groups, school trips and clubs
- ✓ Schools can monitor, evidence & audit learning and training for all users through our Admin Portal

## In-App CPD Accredited Training

- ✓ Safeguarding Level 1
- ✓ Appropriate Use of Social Media
- ✓ Mental Health in Education
- ✓ FGM
- ✓ Private Fostering
- ✓ Youth Produced Imagery
- ✓ Safeguarding Level 3 (coming soon)
- ✓ PREVENT (coming soon)

## Surveys & Polls

- ✓ The Safer Schools digital footprint survey function allows your school to develop a better understanding of the platforms, devices and digital spaces most used by pupils, parents and staff
- ✓ Add your own surveys and place them directly in the App through your Admin Portal

## AI Prompts

Your App is intelligent by design. Our artificial intelligence: 'Arti', intuitively reacts if users repeatedly visit content, prompting them with safety messages and guidance on where to seek support.

## Our Online Safety Centre

- ✓ Learn how to set your privacy and safety settings on popular devices, apps and platforms
- ✓ Discover how to block, mute and report users

## Help & Resources

- ✓ Free Access to our Teach Hub and Home learning Hub lessons and resources
- ✓ Safety Setting Audits
- ✓ Posters & Printables
- ✓ Signposting to support organisations for parents, schools staff and pupils
- ✓ LA Directory

## Pupil, Parent and Carer Engagement

- ✓ Interactive and engaging course content which is easy-to-access, simple to understand and intuitive to use
- ✓ Pupils, parents and carers can complete their own digital tests on the basic 'Need to Know' online safety principles, while testing their knowledge on Gaming, Social Media and much more
- ✓ Parents and Carers build their knowledge and confidence in their own digital parenting skills
- ✓ Our content will support them to make their home safe, their child's device safer and empower them to deal with some critical issues linked to online behaviour and risk
